

What clients are saying about PBSI's Communication Services

Dear PBSI:

“Floturn was very satisfied with the cabling provided by PBSI. The crew was timely, professional, and neat. Floturn would look at PBSI first for any future cabling needs.”

**Tom Heys,
Floturn Corporation**

“We are pleased with the equipment and service, any problems we have are handled promptly.”

**Anne Shannon Becker,
Danville Surgical Associates**

“Unlike other vendors, simply interested in selling boxed solutions, PBSI worked diligently to help us define exactly what technology we needed. PBSI worked hard to make the implementation process easy for us. They anticipated and managed issues without being asked, were flexible, and always got the work done on schedule and on budget.”

**Jeff Haas,
Charis Healthcare**

“PBSI's hardware department did the initial cabling for our offices. We purchased our hardware and software from PBSI. They are very professional, courteous, knowledgeable and they realize that time is very important. PBSI makes a strong effort to fix things in a timely manner. They understand that the amount of downtime is very important to Neon Engineering.”

**Pam O'Bryant,
Neon Engineering**

“We are very satisfied with our phone system.”

**Gayle Shannon,
Aivars Vitols M.D.**

“How refreshing to see that people still believe in service and quality.”

**Central Ohio Ear, Nose,
and Throat Inc.**

“We are pleased with our PBSI installed NEC phone system. Our current system fulfills our present needs and has the capacity to grow with us in the future. We always get great timely service on our phone system and our computer system.”

**Kelly Green,
Green & Hodge D.O.'s Inc.**
